WHEN EVERYONE COUNTS, EVERYONE WINS!

Oklahoma is counting on you!

The 2020 Census is a survey that takes less than 15 minutes to complete by mail, phone or online. The Census helps your community get money for programs and services. It also helps decide voting districts and how many legislators represent you at our state capitol and in Washington.

By law, your information cannot be shared with anyone – not the IRS, not the FBI, not the CIA, not ICE or any other government agency.

Every count is important! Every person counted could mean up to $1,675 per year per person for your community’s funding for the next 10 years.

Community Services
Roads, hospitals, schools and emergency services.

Fair Representation
The number of representatives for your state and local government.

Civic Duty
The Census is in the Constitution and dates back to 1790.

Redistricting
Voting districts are based on the results of the Census.
