

WHEN EVERYONE COUNTS, EVERYONE WINS!

We're counting on you!

The 2020 Census is a survey that takes less than 15 minutes to complete by mail, phone or online. The Census helps your community get money for programs and services. It also helps decide school districts and how many legislators represent you in Washington.

By law, your information cannot be shared with anyone - not the IRS, not the FBI, not the CIA, not ICE or any other government agency.

Every count is important! Every person counted could mean up to \$1,675 per year per person for your community's funding for the next 10 years.

Community Services

Roads, hospitals, schools and emergency services.

Civic Duty

The Census is in the Constitution and dates back to 1790.

Fair Representation

The number of representatives for your state and local government.

Redistricting

School districts and voting districts are based on the results of the Census.

Complete the Census by the end of April.
